Empowering Leaders of Tomorrow

Our approach to education focuses on what really matters: excelling in the New Economy. Through quality education, we develop future-ready graduates with the necessary skills, tools, and mindset needed to thrive in an evolving global landscape.

NURTURING

Adaptable and resilient future leaders who embody social intelligence and ethical values, embracing diverse perspectives to shape inclusive communities and contribute to a responsible global ethos.

FORWARD THINKING

Future-oriented thinkers and problem solvers who harness creativity, digital expertise, and interdisciplinary insight to anticipate challenges, embrace change, and create innovative solutions.

EXCELLENCE

Shaping leaders who embody excellence through multidisciplinary expertise and a relentless drive fuelled by curiosity and passion to achieve transformative breakthroughs.

PASSION

Individuals who are committed to making a positive impact, approaching challenges with energy and curiosity, while demonstrating accountability and professionalism in their decisions.

Graduate Employability

More than **8 in 10** graduates are gainfully employed as of today[^]

More than **8 in 10** graduates are employed within 6 months after final exam[^]

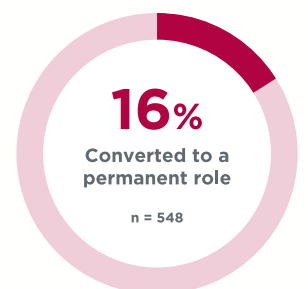

Close to **1 in 2** graduates earned a pay raise[^]

Close to **1 in 3** graduates earned a promotion[^]

Findings of the **2024 GES survey** done by PSB Academy also revealed notable results on our graduates post graduation.

Close to **1 in 2** of our graduates were given a pay raise, close to **1 in 3** were given a promotion and close to **1 in 5** were converted to a permanent role.

[^]All statistics are based on PSB Academy Graduate Employment Survey 2024 conducted by Kadence International Pte Ltd for graduating cohorts from 2023. A total of 801 graduates participated in this survey as respondents, of which 44% are full-time (FT) graduates and 56% are part-time (PT) graduates. This survey is not the same survey conducted by SkillsFuture Singapore (SSG). As a result, the SSG Graduate Employment Survey may not be directly comparable due to differences in the sample size scope between the two surveys.

Our Singapore Campuses

PSB Academy is home to three campuses. Our City Campus (Main & STEM Wings) at Marina Square and Cathay Campus at Orchard are designed to blend learning and collaboration.

With a combined floor space of over 180,000 square feet, our campuses offer students a well-rounded learning experience. From industry-relevant facilities and multipurpose open spaces to interactive classrooms, students can immerse themselves in an environment that fosters collaboration, innovation, and the real-world application of knowledge.

Scan or tap to take a tour of our City & Cathay Campuses:

City Campus: Main Wing

Located in Marina Square, the Main Wing is designed as an integrated hub for learning and leisure. From industry-relevant facilities to classrooms fitted with writable walls, the campus provides students with vibrant spaces to learn, collaborate, and build their community.

Radio and TV studios equipped with professional broadcasting equipment.

MBA rooms with wireless display technology to support hybrid learning.

Lecture theatres that are wheelchair-accessible and designed for inclusivity.

Multipurpose open spaces for studying, collaboration, and student activities.

City Campus: STEM Wing

The STEM Wing is designed to advance science, technology, engineering, and mathematics (STEM) education, providing students with a future-ready learning environment. Equipped with modern facilities and industry-approved laboratories, students get hands-on learning experience that reflect real-world scenarios.

Electronics lab equipped with industry-standard software such as MATLAB, SolidWorks, AutoCAD, and more.

Chemistry and Life Sciences labs comprising High-Performance Liquid Chromatography (HPLC) instruments, Protein Purification Machines, and more.

Robotics and AI lab containing technology such as Turtlebot 3 Burgers, Arduino Braccio robotic arms and indoor drones.

Engineering labs with 3D printers, Tensile Test Machine, and more.

Sports Science labs fitted with 3D motion analysis cameras for biomechanics and performance research.

Cathay Campus

Housed within The Cathay, the campus spans more than 43,000 square feet and is designed with sustainability and collaboration in mind. Pockets of green spaces, open collaborative areas, and contemporary amenities are woven to create a vibrant hub for students to engage, collaborate, and thrive together.

Student lounges with variety of seating options to fit different learning styles.

Lecture theatres equipped with motion tracking cameras to simulate in-person interactions for distance learners.

From Student to Alumni

At PSB Academy, your journey doesn't stop at graduation. From the moment you step on campus, you'll be part of a vibrant community that supports your growth through student life, career services, and lifelong alumni connections. Here, learning, networking, and opportunities continue long after your studies.

As a student at PSB Academy, your experience will be anything but ordinary. Throughout your journey with us, you will have the opportunity to explore your passions and build meaningful connections through our vibrant student clubs and international communities.

Scan or tap to explore our Student Clubs:

At PSB Academy, we go beyond the classroom to prepare you for lifelong success. Our Student Success Office (SSO) team connects you with career resources, industry experiences, and employer networks—empowering you to build skills, gain exposure, and take confident steps towards your future career.

Scan or tap to explore our Career Services:

Connecting You with Services

Recruitment Talks

Meet industry experts, hear insider tips, and explore potential career paths with leading companies.

Career Coaching

Get personalised, one-to-one guidance from our career consultants to plan your next steps with confidence.

Career Preparation Series

Build essential skills with training in career management, resume writing, interview techniques, and networking.

Career Fairs

Twice a year, connect directly with employers, discover openings, and showcase your talent in person.

Industry Visits

Gain real-world exposure through visits that show how industries work, while connecting with company representatives.

Alumni Family

Graduation is just the beginning. As part of PSB Academy's global alumni network, you'll stay connected through events, reunions, and professional opportunities. With a diverse community across industries and countries, our alumni family is here to support your growth wherever your journey takes you.

A Word from Our Director

Warmest greetings!

As the Director of Coventry University at PSB Academy, it is my privilege to introduce you to the vibrant learning community that defines this academic institution.

Founded in 1843 as the Coventry College of Design, Coventry University prides itself in fostering an environment that encourages intellectual curiosity, critical thinking, and academic excellence. As a global education institution, the University fosters international connectedness through Global Hubs strategically located in Africa, Europe, China, India, the Middle East, and Singapore – forming a strong network of partners, students, and alumni worldwide.

Coventry University's commitment to industry relevance, innovative teaching, and holistic student development is evident in every facet of its operations. From passionate faculty members who are at the forefront of their fields, to purpose-built facilities that provide an immersive learning environment, and strategic tie-ups with industry partners, the University strives to provide an unparalleled student learning experience.

Coventry University offers a growing array of undergraduate and postgraduate courses across a wide range of specialisations in partnership with PSB Academy. PSB Academy and Coventry University regularly review and continually aim to expand the selection of high-quality academic courses in Singapore as we swiftly adapt to the learning interests of a rapidly growing student population and professional demands of the workforce.

As PSB Academy and Coventry University celebrate a significant 10th year milestone of partnership, we invite you to explore the exciting possibilities that await within our academic walls, where I am delighted to personally welcome you onboard an exciting voyage of learning in a community where academic excellence meets transformative experiences - where the pursuit of knowledge knows no boundaries.

Dr Calvin Tan
Director
University Partnership - Coventry University
PSB Academy

A Word from Our Academic Director (Business)

Dear Aspiring Business and Media Enthusiasts,

I am delighted to extend a warm welcome as you embark on your academic journey with PSB Academy. By pursuing a business course with Coventry University at PSB Academy, you have opted for a path of limitless opportunities and growth.

Our undergraduate and postgraduate Business courses are crafted to provide you with a well-rounded education, empowering you to make a meaningful impact on the global stage. Going beyond the traditional classroom setting, our courses emphasise experiential learning and coursework that is academically rigorous and highly relevant to industry demands.

At PSB Academy, we take pride in fostering strong connections with various industries through our esteemed industry partners such as the Institute of Singapore Chartered Accountants (ISCA) and the Singapore Press Club (SPC), ensuring that you benefit from real-world insights and experiences. These courses serve as bridges between theory and practice, enabling you to develop a holistic understanding of the dynamic business landscape. With modern facilities in PSB Academy's City and Cathay Campuses, our lecture theatres, classrooms, and discussion rooms are integrated with cutting-edge technology to facilitate hybrid learning. Together with our dedicated academic faculty, your learning journey with us is poised to be nothing short of exceptional.

As you navigate this transformative journey, view challenges as opportunities for growth. Embrace every learning moment, seek new perspectives, and exceed expectations.

Welcome to Coventry University at PSB Academy, where endless possibilities await!

Dr Melissa Liow
Assistant Director, Academic Office (Business)
University Partnership - Coventry University
PSB Academy

A Word from Our Academic Director (STEM)

Dear Future Engineers and Technologists,

It brings me great excitement to welcome you aboard your pursuit of STEM courses with Coventry University at PSB Academy.

As a student of our STEM courses, you can expect to engage in industry-relevant coursework and experiential learning opportunities, all while benefiting from our robust industry connections.

With a strong focus on developing industry-ready graduates, PSB Academy has forged partnerships with the Institution of Engineering and Technology (IET), Institution of Engineers Singapore (IES), and Singapore Computer Society (SCS) - providing avenues for students to participate in professional events such as industry visits, talks, workshops, and more - building our students' professional skills and network even before graduation.

Modern learning is embodied within PSB Academy's City and Cathay Campuses - which boast lecture theatres, classrooms, and study areas. The STEM Wing houses well-equipped engineering and science laboratories. These purpose-built facilities, combined with our innovative teaching methods, facilitate a diverse suite of undergraduate and postgraduate courses, allowing you to pursue your academic goals with industry relevance.

STEM courses offered by Coventry University aim to bridge the gap between theory and practice, enabling graduates to gain a comprehensive understanding of the professional landscape. The reputation of both Coventry University and PSB Academy for producing graduates who excel in their respective fields attests to our dedication to academic excellence and practical relevance.

Coventry University's track record of nurturing graduates in Singapore has spanned 10 years, and the University strives to continue this legacy for more decades to come.

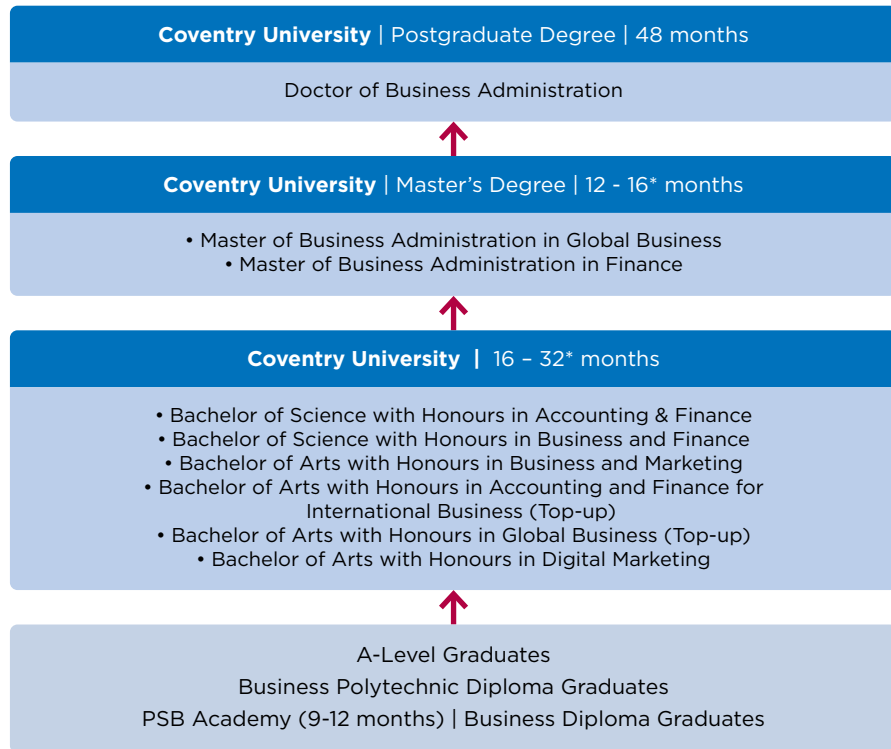

I look forward to being a part of your journey of academic excellence and personal growth!

Dr Lim Chong Iye
Assistant Director, Academic Office (STEM)

Testimonials

Juggling work and part-time studies was tough but not impossible. We (part-time students) understood each other's struggles. It made a big difference knowing I wasn't alone. If you're consistent and put in the work, the course is very doable.

Shawn Chng

Bachelor of Engineering with Honours in Mechanical Engineering
Coventry University
Class of 2025

I enjoyed the entirety of my experience, including my helpful and patient lecturers, the study content - that stressed me out initially - but eventually allowed me to learn something new, my friends that kept my determination going and the really cool (literally) campus which helped my self-study sessions. Thank you for transforming my potential into performance - for tuning my gears into a finely tuned race car.

Grace Angkawijaya

Bachelor of Science with Honours in Cyber Security
Coventry University
Class of 2025

The technical skills such as writing, research, problem-solving and project management have proven to be particularly useful and relevant, especially in my day-to-day tasks. Specifically, the modules in this course, such as management and leadership, have not only imparted me with valuable skills but also helped me improve myself as an individual, which has also aided me in my career progression.

Fauziah Abdul Aziz

Bachelor of Arts with Honours in Business and Marketing
Coventry University
Class of 2024

“ The curriculum was flexible and practical, with modules that felt relevant to my work. I especially enjoyed the module on Renewable Energy, which deepened my interest in sustainable solutions. My education with Coventry University has empowered me to keep progressing in the aerospace industry — and I’m excited for what’s next. ”

Nooraishah Rahmat
 Bachelor of Engineering with Honours in Electro-Mechanical Engineering
 Coventry University
 Class of 2025

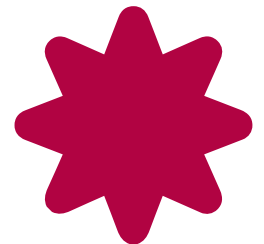

“

The MBA curriculum bridged theory with real-world application, offering immediate insights I could apply to my work in private equity. Topics like corporate finance, strategic investment decision-making, and risk management directly complemented my professional responsibilities, sharpening my ability to evaluate investments from multiple angles.

Dion Wong
 Master of Business Administration in Finance
 Coventry University
 Class of 2026

”

“

The course has helped me think more strategically about leadership and entrepreneurship. Modules on leadership encouraged me to reflect on the type of leader I want to be, while entrepreneurship strengthened my ability to assess business opportunities, risks, and strategies for new business units.

Dex Tan
 Master of Business Administration in Global Business
 Coventry University
 Class of 2025

”

How to Apply

1 Submit Application

Please ensure that your application reaches us at least 2 months before course commencement.

Scan or tap to learn more:

2 Accept Offer

Students will be notified of their application outcome within 10 working days. Successful applicants will receive their offer pack via email:

- Letter of Offer
- Student Contract
- Student Activity Indemnity Form
- Private Education - Advisory Note to Students
- Instructions on Course Acceptance

To accept our offer, please sign the student contract and forms.

3 Pay Course Fees

Before course commencement, you are required to make payment for the first installment of your course fees and relevant fees, as indicated in Schedule B of the Student Contract.

For all students: It is important to note that all payments for applications, course fees and other services offered by PSB Academy should be made only to us. Please ensure the invoice/application # is included under the bill reference. A receipt can be provided to prospective students on request. Please allow three working days after we have verified your payment.

We offer other payment modes, such as credit card and cash on-campus.
