FOREWORD

Dear FUTUREMAKER,

On behalf of the Student Success Office (SSO) team, I am delighted to present to you PSB Academy Career Services Handbook.

PSB Academy, as a trusted education provider, is committed to providing you accessible education that nurtures and shapes you to achieve your personal and professional best. And SSO is here to help you achieve lifelong success through our career services and in offering our industry experiences and connections with potential employers.

In my frequent meetings with students, I always share that they can get more out of their campus experience if they plan early. Regardless of your career aspirations, it is important to get the right training at an early stage to develop skills which could get you hired by the time you graduate, in addition to getting good grades.

This handbook is a quick-start guide to keep you informed so you can plan and seize the opportunities to acquire career ready skills at this early stage of your learning journey with PSB Academy. This handbook also provides an overview of all that SSO has to offer you during your studies, and beyond. In fact, we are the right team to offer expert advice and opportunities to help you every step of the way, and we encourage you to participate in all our career-related activities held throughout the year.

Our goal is to engage you in learning experiences that will help you to stay future-ready and relevant to your industry for today's global economy.

Let SSO, and PSB Academy be your partners for success!

Sincerely,
Pearly Wong
Director
Student Success Office

GETTING STARTED

An Introduction to Career Services and Engagement (CSE)

Career Services and Engagement (CSE) prepares PSB Academy students and alumni for career readiness by creating platforms to connect with employers for networking and recruitment opportunities. CSE is also dedicated to building and fostering a network of long-term relationships with industry partners who can offer sharing sessions and industry visits for students/alumni.

Services and Resources

Recruitment Talks

At these events, students can network with industry experts and learn more about the various companies and potential job prospects.

Career Coaching

One-to-one coaching for students seeking advice from our team of career consultants.

Talk to our career coaches here: <https://bit.ly/psbacareercoach>
(Open PSB Academy students and alumni)

Career Workshops/Career Preparation Series

Our professional trainers can coach you in areas such as career management, resume writing, job interview techniques, networking skills and other areas crucial to your career development.

Career Fairs

Our Career Fairs are organised twice a year for students to meet prospective employers with the purpose of networking and recruitment.

Industry Visits

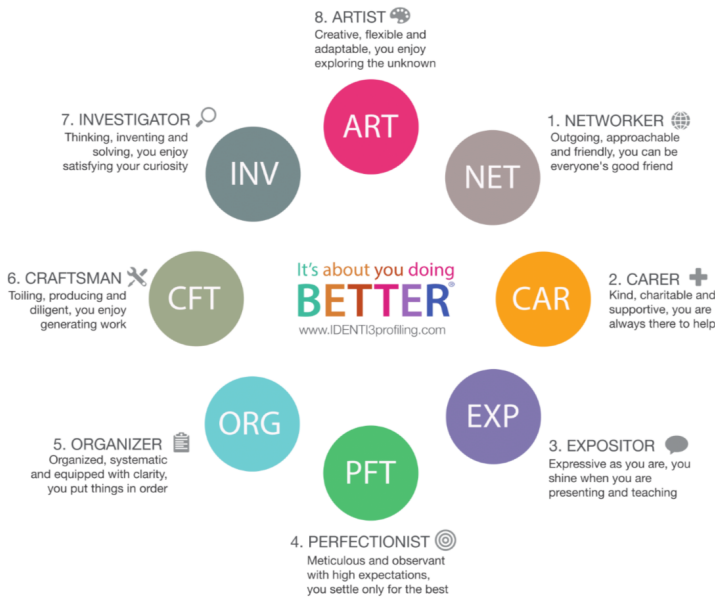

Industry visits provide learning opportunities beyond the classroom that allow students to understand how the different sectors function. Students may also network with a company representative to explore recruitment or internship opportunities.

INTERNSHIP

Tips to be a Star Intern!

1

Put in the Hard Work

The experience gained helps you learn more about yourself professionally and puts you in better stead for future work, including potential conversion to a full-time hire.

2

Take On Challenges

Keep a look out for areas where you can contribute and take the initiative to propose new assignments with your manager.

3

Solve and Minimise Problems

If you encounter a roadblock in your work, you can come up with a few solutions to present to your manager, who can help you decide on the best course of action.

4

Learn from your Mistakes

Accepting your errors and learning from them shows Responsibility, a crucial skill that is valued in the workforce.

5

Bond Well with your Team

The ability to mingle and interact with people of different dynamics across a team is key to your professional growth.

6

Seek Feedback

Asking for feedback is the easiest way to find out if you are doing well in your role, and how else you can improve professionally.

OUR INDUSTRY PARTNERS

We believe in building a long term relationship with a network of industry partners who can tap on our students' talents and qualifications. By engaging with them, we built a link for our students to network and learn from these industry practitioners. Here are just some of our partners who have offered networking, learning and employment opportunities for our students and alumni — and the list is still growing!
